## PUBLIC MEETING

### Interstate 17 Improvements New River to Cordes Junction

Thursday, July 13, 2006  
Mayer High School Multipurpose Room  
17300 East Mule Deer Drive  
Mayer, AZ 86333  
5:30 p.m. - 7:30 p.m. (MST)  
Presentation at 6:00 p.m.

The Arizona Department of Transportation (ADOT), and the Federal Highway Administration (FHWA) as lead federal agency, are beginning studies to identify and evaluate alternatives for the widening of Interstate 17 between the New River Traffic Interchange (TI) at Milepost (MP) 232 and the Cordes Junction TI at MP 262. The community is invited to attend the public scoping meeting to provide input to assist in the identification of issues and concerns to be addressed during the study.

The National Environmental Policy Act (NEPA) outlines the process by which federal agencies integrate public comments and environmental concerns into the decisions they make.

Representatives of ADOT and its consulting team will be available to provide information, answer questions, and discuss the project with the community. The purpose of this public meeting is to gather community input early in the study in accordance with the NEPA process. A presentation will begin at 6:00 p.m., followed by community input on general issues and concerns to be addressed by the project.

This event is not a school sponsored activity.
